

Looking ahead to the World Athletics Cross Country Championships Bathurst 23

Just seven weeks into the year, the sporting world will be graced with the first World Athletics Series event of 2023 as Australia prepares to welcome the finest cross-country runners on the planet.

The **World Athletics Cross Country Championships Bathurst 23** will see up to 500 of the best endurance athletes from across the globe descend upon Mount Panorama – or Wahluu ('to watch over') as it is known in the Wiradjuri language – in New South Wales, in what promises to be one of the most gruelling, 'back to basics' events of the sporting calendar.

The full three-day programme includes more than 30 races for 'the masses', giving runners and walkers of all speeds the opportunity to participate on the same course as the World Championships.
